1. Secondary offering through over-allotment, etc.

Upon the primary offering, taking the demand conditions and other factors into consideration, SMBC Nikko Securities Inc., the lead managing underwriter for the primary offering, may offer the Investment Units of CRE REIT borrowed from CRE up to a maximum of 2,810 units (secondary offering through over-allotment). Although the number of investment units offered through over-allotment is scheduled to be 2,810 units, this represents the maximum number of units to be offered. It may be fewer depending upon the demand conditions and other factors, or no offering through over-allotment could be made.

In connection with the secondary offering through over-allotment, SMBC Nikko Securities Inc. will be granted the right to purchase additional Investment Units of CRE REIT from CRE up to the maximum number set for the secondary offering through over-allotment at the same price as the issue value of the primary offering for the purpose of returning the Borrowed Investment Units (hereinafter, “Green Shoe Option”). The deadline for the exercise of the right (hereinafter, the “deadline for the exercise of the Green Shoe Option”) shall be the 30th day from the day immediately following the last day of the application period of the primary offering and secondary offering through over-allotment (if the 30th day is not a business day, the business day immediately preceding that date).

In addition, SMBC Nikko Securities Inc. may purchase Investment Units of CRE REIT on the TSE up to the maximum number to be sold by the secondary offering through over-allotment (hereinafter, “Syndicate Cover Transactions”) during the period between the day immediately following the last day of the application period of the primary offering and secondary offering through over-allotment and the deadline for the exercise of the Green Shoe Option (hereinafter, “the Syndicate Cover Transaction Period) for the purpose of returning the Borrowed Investment Units. All Investment Units of CRE REIT purchased by SMBC Nikko Securities Inc. through Syndicate Cover Transactions shall be used to return the Borrowed Investment Units. At its own discretion during the Syndicate Cover Transaction Period, SMBC Nikko Securities Inc. may not conduct any Syndicate Cover Transactions or may terminate any Syndicate Cover Transactions before the number of investment units purchased reaches the number of investment units to be sold by the secondary offering through over-allotment.

Moreover, in connection with the primary offering and secondary offering through over-allotment, SMBC Nikko Securities Inc. may conduct a stabilizing transaction and allocate all or some of the Investment Units of CRE REIT purchased through the above stabilizing transaction to return the Borrowed Investment Units.

SMBC Nikko Securities Inc. plans to exercise the Green Shoe Option to acquire from CRE the Investment Units of CRE REIT, with respect to the number of units remaining after subtracting the aggregate number of units purchased through the stabilizing transaction and the Syndicate Cover Transactions to return the Borrowed Investment Units from the number of units to be sold by the secondary offering through over-allotment.

On the Issuing Price Determination Date, it shall be determined whether secondary offering through over-allotment will be made, and how many investment units will be sold if such offering is made. Where no secondary offering through over-allotment is made, neither the borrowing of Investment Units of CRE REIT from CRE by SMBC Nikko Securities Inc. nor the granting of the Green Shoe Option to SMBC Nikko Securities Inc. by CRE would be conducted. In addition, no syndicate cover transactions on the TSE would be conducted.
